

## Conference on

# ICT and Robotics for a Sustainable Agriculture

24 November 2017, The National museum of Denmark, Copenhagen

**Digitisation  
in agri-food  
systems**

Opportunities and Challenges  
European Collaboration  
ICT-AGRI past and future

European Space Agency - EIT Food / Siemens - Manufature EIP / JohnDeere -  
DG Research and Innovation - DG Connect - DG Agri (EIP-AGRI Service Point)  
- Danish Council for Agriculture and Food - GODAN Secretariat - Agrivi -  
Smart Biosystems Laboratory - Neuropublic - RoboticSolutions - ICT-AGRI

The ICT-AGRI consortium aims for an ERA-NET Cofund in 2019. Learn about the potential benefits of participating in an European public-public partnership and meet the people behind the next ICT-AGRI project.
