# Bioeconomy Cofund ERANET's

- From plant to product
- From R&D to implementation
- Sectors:
  - Agriculture/Forestry/Marine
  - Food
  - Chemistry
  - Energy
  - Environment/Climate
- **Life:** Plant – Animal--Human

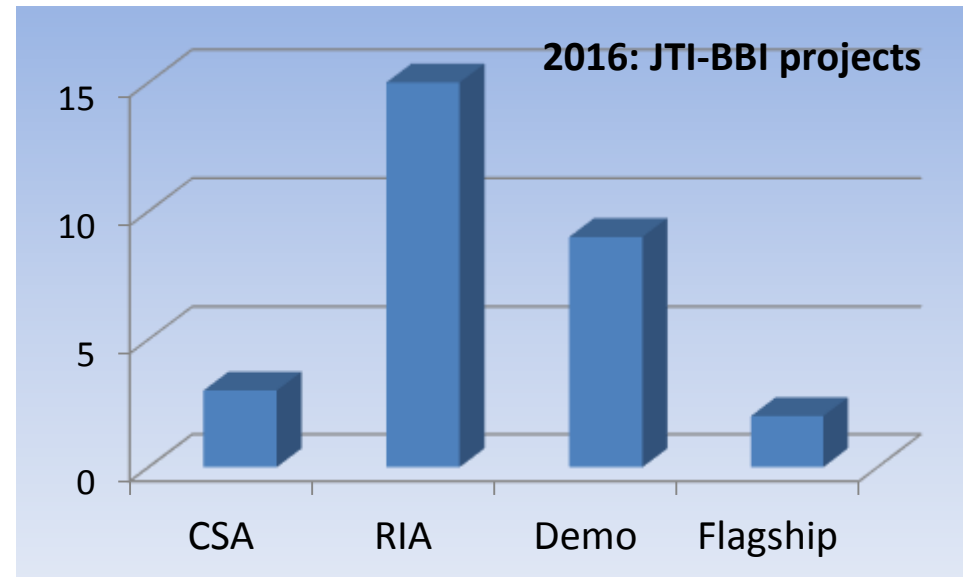

# Bioeconomy ERANET Cofunds's (2017)

# Other partnerships

- BBI-JU: Biobased Industries
  - Till now: funding of 414 M€ in 65 projects
  - 2017 call: 81 M€
- EIP-Agri: Innovation Partnership
  - Service points
- Climate KIC
  - Sustainable Land Use, Sustainable Production systems (biogas, micro algae biorefinery, Renjet)
- EEN (EU enterprise network),

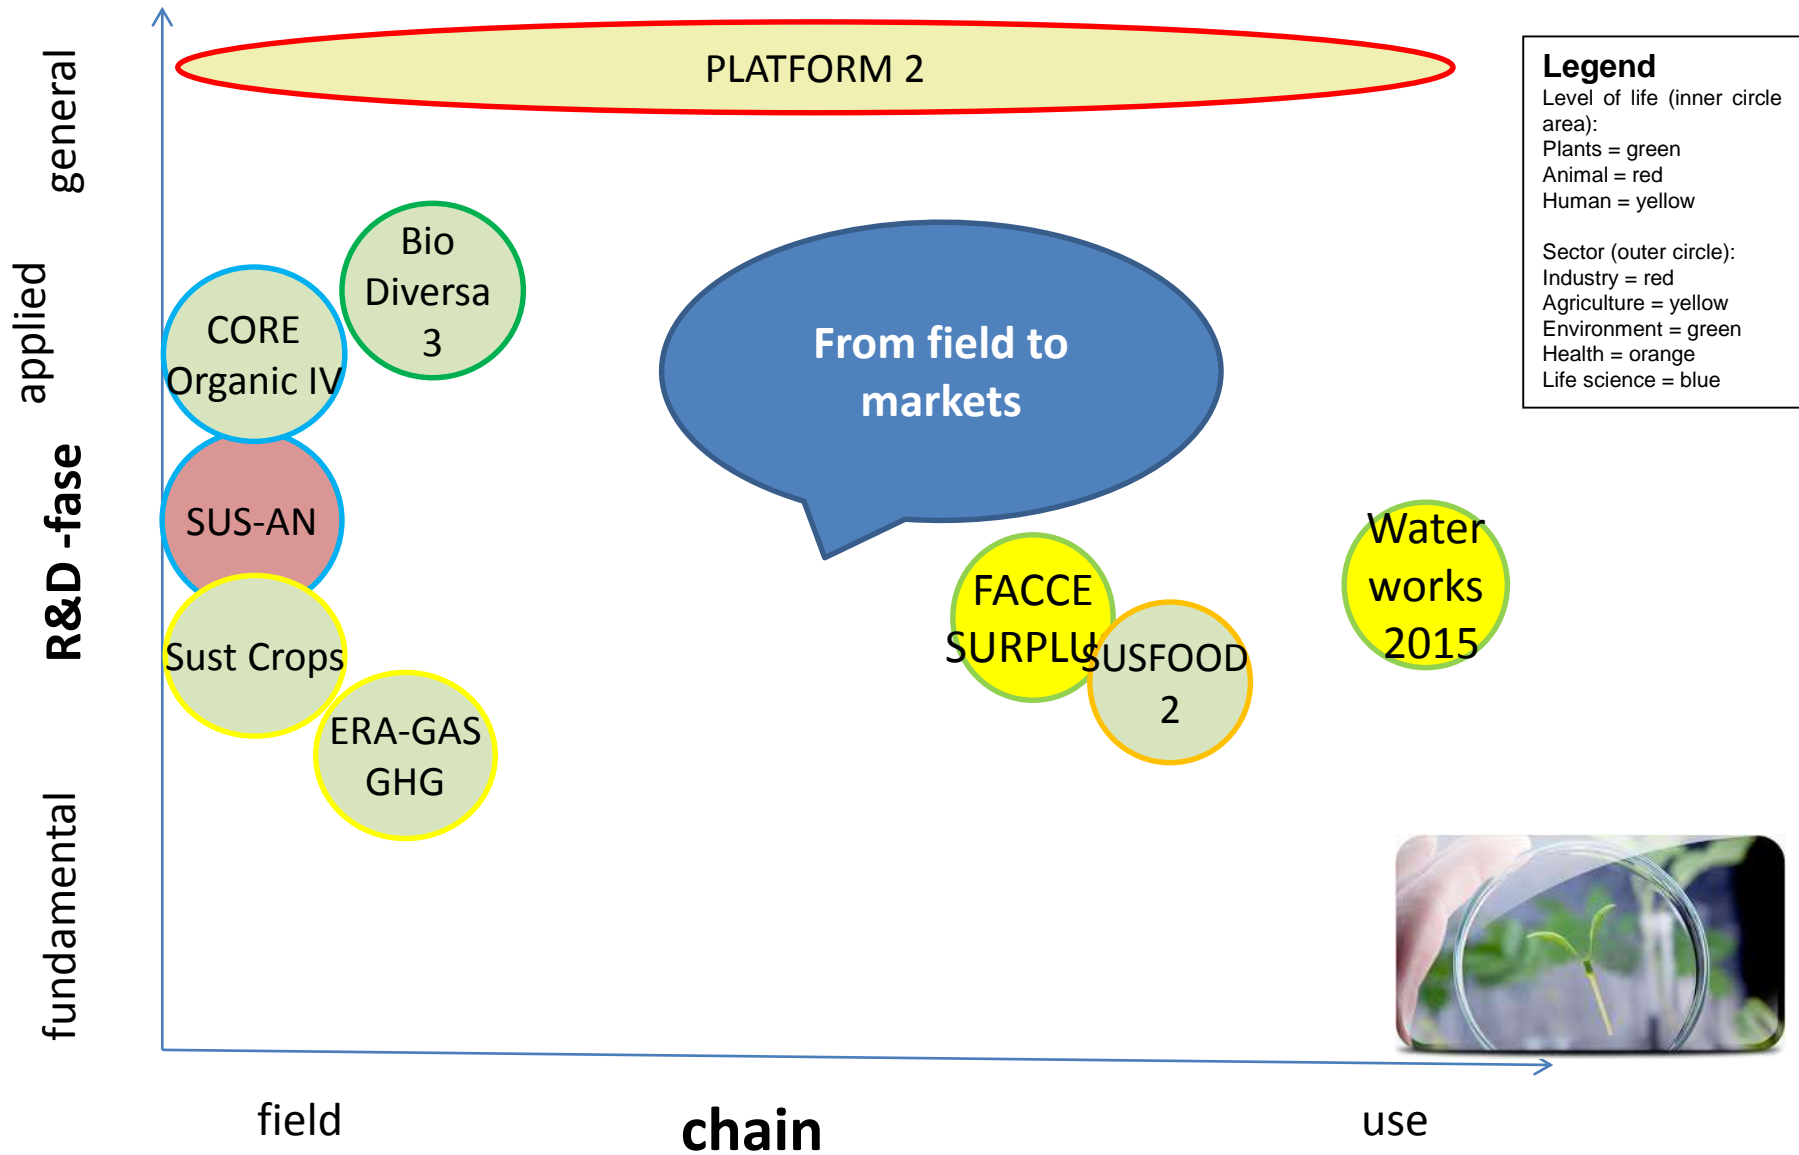

# Challenges in the Bioeconomy

- Public acceptance of biobased products
- Complex discussion about sustainability
- Slow Market uptake:
  - More sustainable products (e.g. organic, bioplastics)

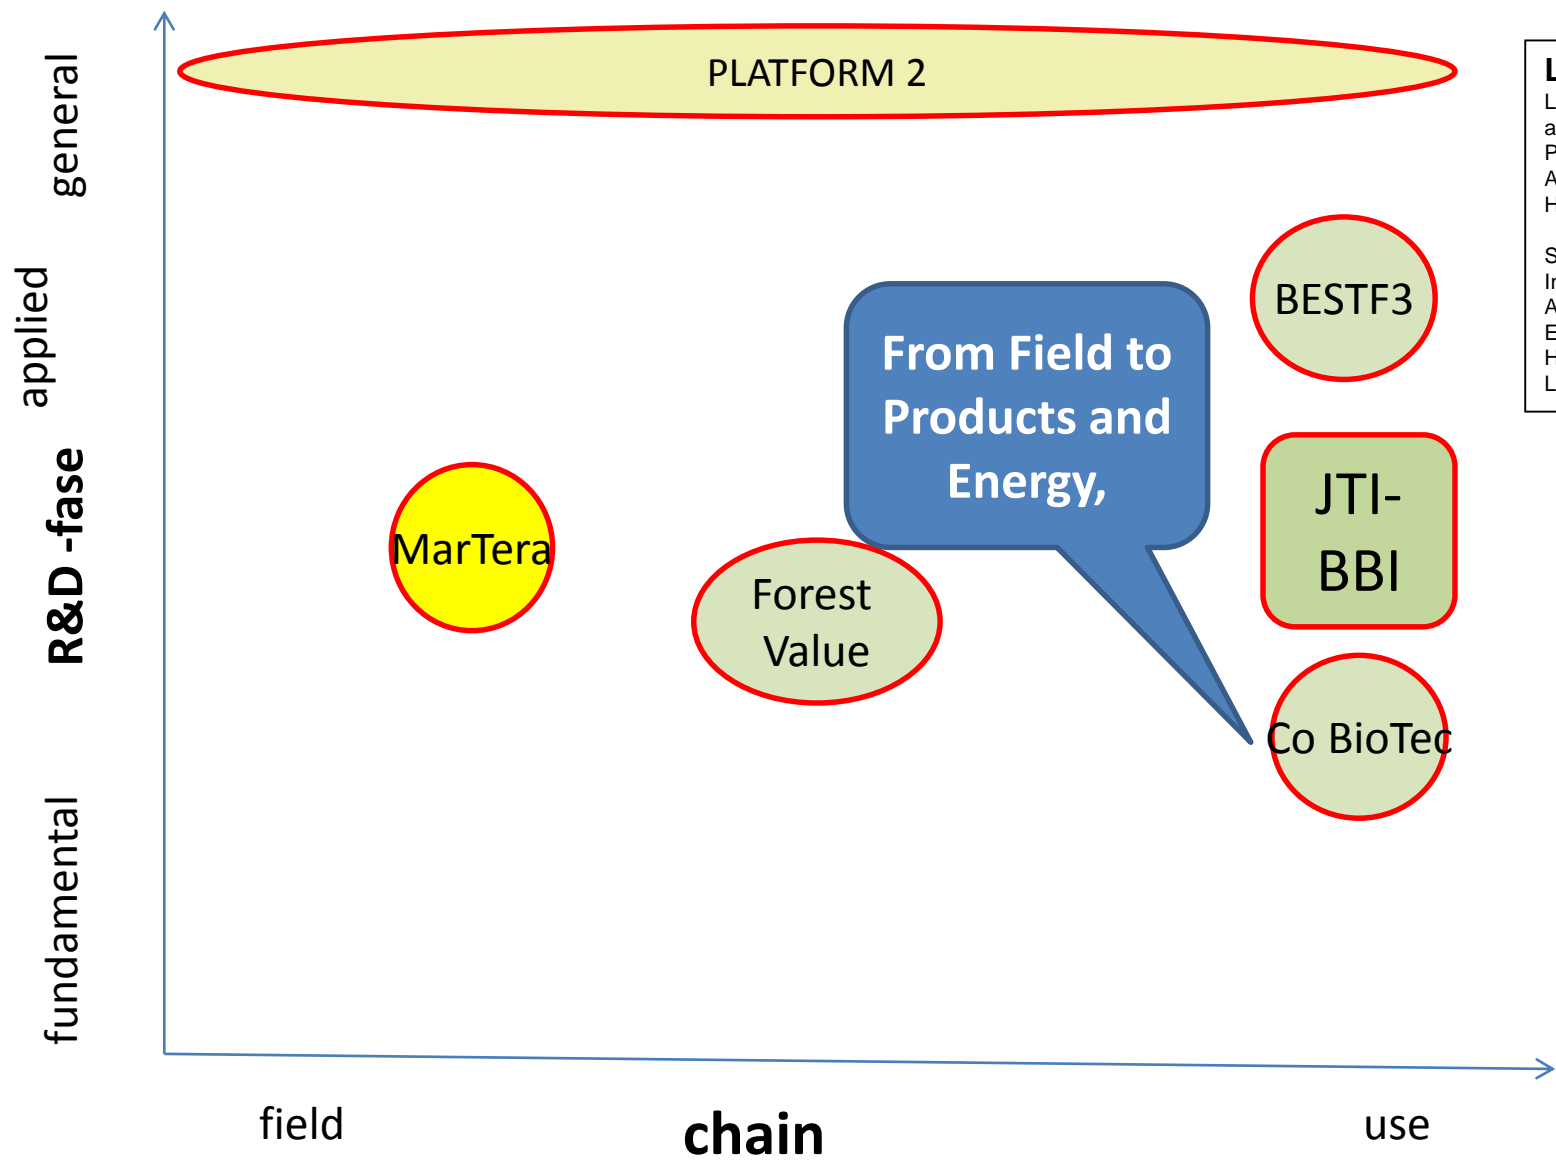

# Agricultural Bioeconomy ERANET Cofunds's (2017)

# Industrial Bioeconomy ERANET Cofunds's (2017)

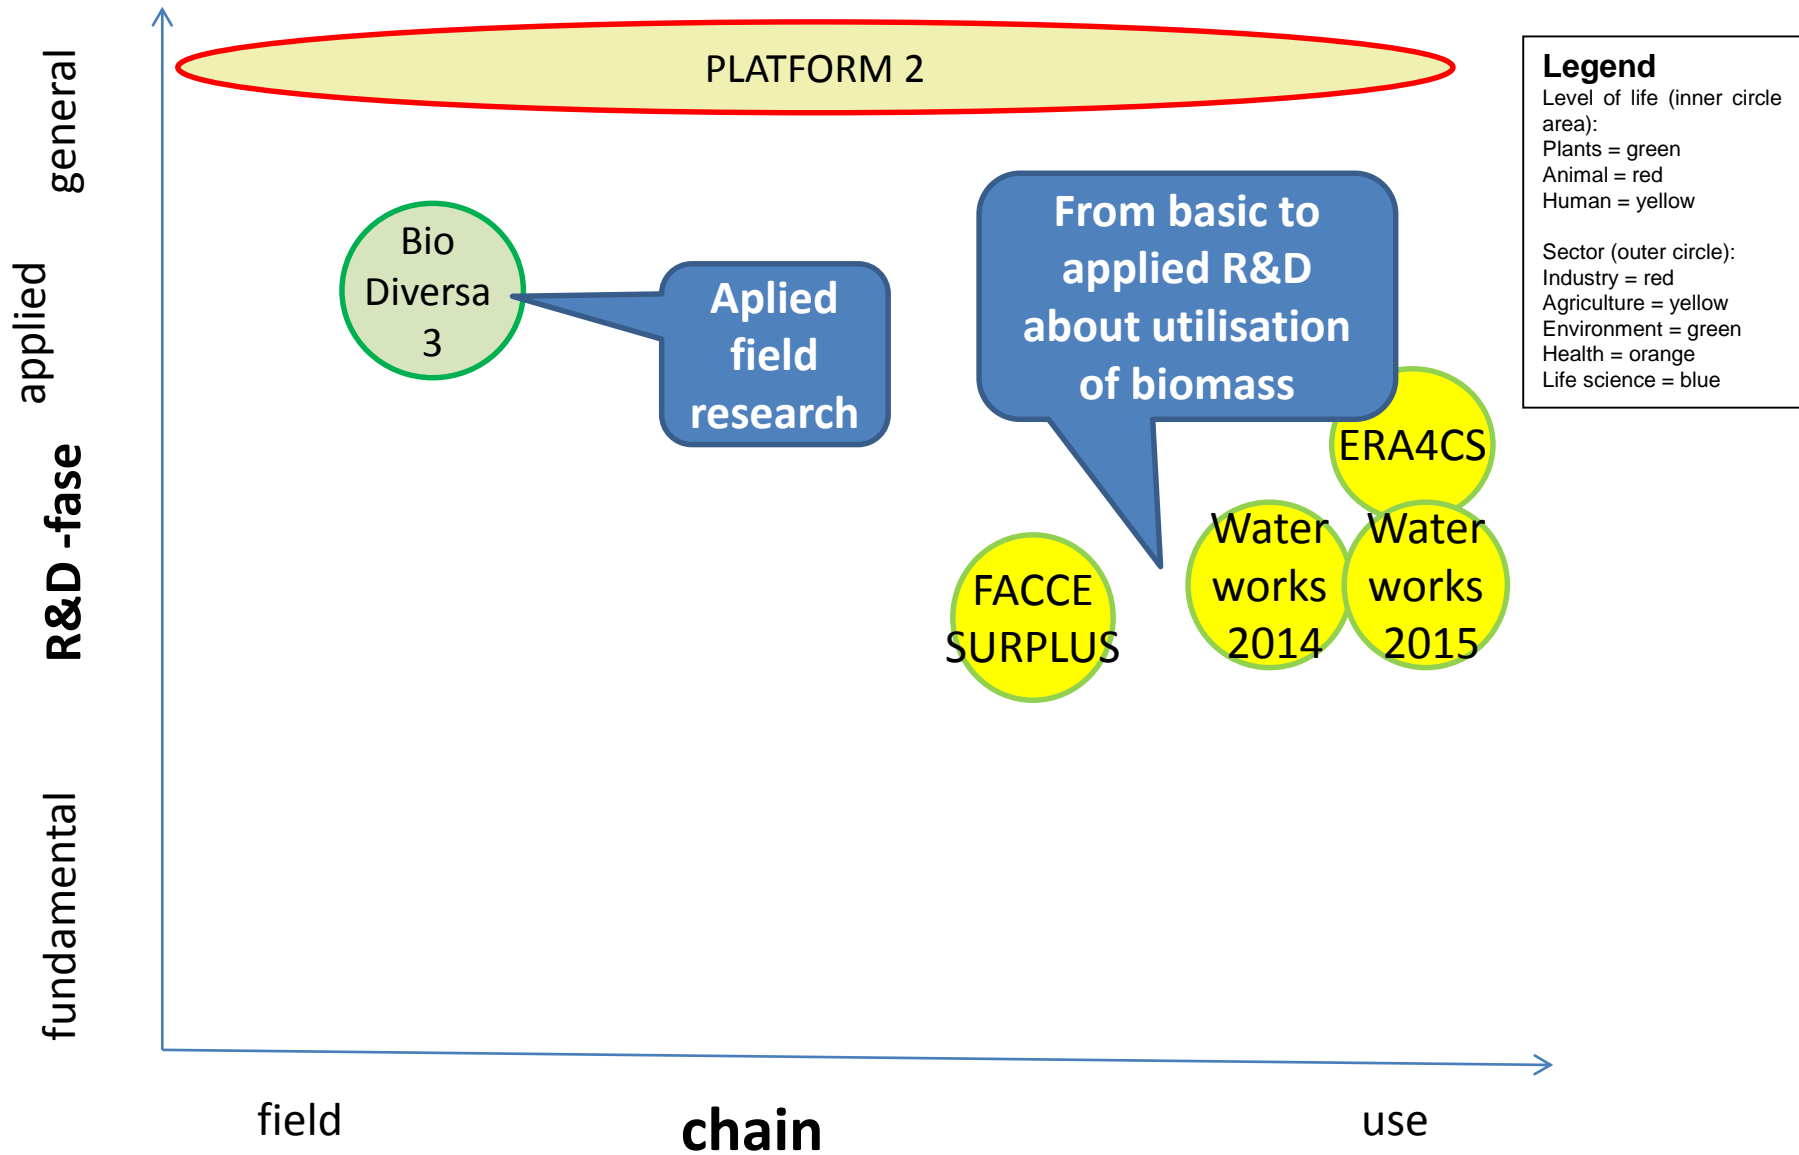

**Legend**

Level of life (inner circle area):  
 Plants = green  
 Animal = red  
 Human = yellow

Sector (outer circle):  
 Industry = red  
 Agriculture = yellow  
 Environment = green  
 Health = orange  
 Life science = blue

# Environmental ERANET Cofunds's (2017)

# Potential Grouping and Alignment Bioeconomy Cofunds

- Health/Food
  - ERA-HDHL
  - HDHL-Intimic
  - Susfood2
  - LEAP Agri
- Agricultural
  - Facce Surplus
  - BioDivERsA3
  - Core Organic Cofund
  - Waterworks 2015
  - SusAn
- Environmental/Climate
  - ERA-Gas
  - Waterworks 2014
  - BiodivERsA3
  - ERA4CS
- Industrial
  - CoBioTec
  - ForestValue
  - BESTF3
  - Marterra

# Potential joint CoFund actions

- Joint Market approach,
  - Workshops, dissemination
  - Knowledge Hub
- Thematic workshops with researchers
  - Set up a joint agenda
- Joint evaluation of progress, results and outcome
- Joint research planning
- Joint Research Infrastructure and data
- Joint collaboration with other Public Public/Private partnerships

# Questions about Alignment for CoFunds in the Bioeconomy

- White Spots? New Cofunds?
  - Products from functionalised chemicals
- What about JTI-BBI?
- What could CoFunds do together?

- Products from functionalised chemicals??

# Conclusion

- Alignment creates more efficiency and impact
- Opportunities exist and need to be discussed

# Thank you for your attention
