Agriculture in Italy

The Italian rural area is characterized by its enormous diversity: geomorphological, economic, productive and social, various quality of agro-food products, and also natural, cultural and landscape diversity and richness.

- A** Poli urbani
- Urban areas
- Intensive agriculture
- Intermediate rural areas
- Disadvantaged rural areas

Superficie	Popolazione	Densità (*)	Occupati	
			Agricoltura	Agroindustria
8%	43%	1.050	17%	30%
17%	22%	253	30%	31%
32%	24%	143	34%	27%
43%	12%	54	20%	12%

(*) Abitanti/Km2

Italy in a nutshell

Total surface: 300.000 square Kms

13 million hectares UAA

- 8 million hectares arable soil
- 3 million hectares grassland and pastures
- 2 million hectares permanent crops

Total population: 60 million

202 inhabitants/square Km

(one of the highest in EU)

19 Regions and 2 autonomous provinces

KEY WORDS

QUALITY

264 PDO,PGI,TSG products
(Designations of Origin and Geographical indications, Traditional specialities guaranteed)
523 **DOCG, DOC, IGT** wines

NATIONAL PRIORITIES

- Implementation of the CAP

- Growth of *Made in Italy* and protection-promotion of quality products

- Actions for competitiveness and employment including innovation

CAP - SECOND PILLAR

Reg. 1305/2013

Priorities

fostering knowledge transfer and innovation in agriculture, forestry, and rural areas

enhancing farm viability and competitiveness of all types of agriculture in all regions

promoting food chain organisation, including processing and marketing of agricultural products, animal welfare and risk management in agriculture

restoring, preserving and enhancing ecosystems related to agriculture and forestry

promoting resource efficiency and supporting the shift towards a low carbon and climate resilient economy in agriculture, food and forestry sectors

promoting social inclusion, poverty reduction and economic development in rural areas

Rural Development Programmes

INNOVATION

The innovation policies, in agriculture, represent a bridge between research and rural development

EIP - AGRI: European Innovation Partnership

Mipaaf programming for innovation and research

2014 - 2020

- 1) Strategic Plan for innovation and research in agricultural, food and forestry systems 2014-2020 - PSIR
- 2) National Rural Network , RRN
4th priority «Promoting innovation»
